Roles for Office Staff

During an incident a member of the Critical Incident Management Team shall ensure that members of staff will be able to carry out the following roles

- making and/or receiving telephone calls
- dealing with distressed visitors to the school
- sorting and collating information
- organising a parents room
- dealing with "normal" school business
- Office staff need to be clear about the facts who they should tell and what they should tell - always maintain appropriate standards of confidentiality.
- Keep records of telephone calls made and received/people contacted, etc.
- Consider training for staff in how to deal with difficult/distressed people both in person and on the telephone.
- This work will be very stressful for office staff, ensure that:-
- time on task in carefully monitored
- staff take regular breaks
- they have reserve staff on call to lend a hand

School Trips Offsite

During Offsite school trips, a list of all staff and the amount of pupils involved will be prepared using the school trips form. The teacher in charge will take a mobile phone. Office staff will be aware of this phone number should school need to contact the Lead Teacher. The person co-ordinating the visit will ensure that in the absence of office staff, a person holding contact details for all families is contactable. The school has an Educational Visits Policy.

Planning for a School Evacuation

In the event of an emergency, pupils may need to leave the school building. The children will assemble in the school playground to be counted by their class teacher until it is deemed safe to return in to the building. If it is not safe

to assemble on the playground the assembly point will be the school field. In the event of major incident and the school site is deemed unsafe, pupils and staff will be evacuated to St Thomas's Church, Thurlbear.

Further Issues to Consider

- In the event of the school needing to make a response to the media, no comment will be made until the advice of the LA Press Officer is sought. A comment will then be made by the Head Teacher or in their absence the Deputy Head or school business manager.
- The school will then prepare a pro forma letter to parents to give some brief facts and information about the incident and availability of support, etc.
- Advice will be sought and provided for staff/pupils/parents about "normal" reactions to trauma/shock.
- The needs of children and staff with any known conditions and disabilities should be considered.
- The Critical Incident Contingency Plan will be disseminated to all staff, and will be kept in the School Office. New Staff will need to be made aware of the policy content and its whereabouts.
- Finally: In the event of a major incident or disaster the emergency services (police, fire, ambulance) will take the lead role and the Social Services Department have a statutory duty to manage and co-ordinate the situation in line with Somerset County Council's Emergency Planning Procedures.
