5/1/21 I can write about a Christmas/winter activity using my sense.

Using my example as a guide – write you own feelings description of your favourite time over the holidays.

Must: write a sentence about each sense in the present tense and punctuate it correctly.
Should: use great expanded noun phrases as part of my sentences.
Could: use a simile to add a wow factor to one of my sentences, eg. I felt the icy wind as sharp as a razor on my cheeks.
