Below are some **suggested** extra activities. These do not have to be completed, but it is something else if you would like it.

Edshed.com	On this website you can use the maths shed and the spelling shed. The maths also gives you an option to look at questions based on the year 3 curriculum. The children could revise anything we have done so far.
TT Rock Stars	The children all have a log in for this so they can have a go on the games whilst learning and revising their times tables.
Art	<p>As our topic is 'We Will Rock You' you could go for a walk or a tour of the garden and find some different types of rock.</p> <p>Then you could make a collection and sit quietly to sketch them carefully, looking at shapes and textures.</p> <p>Another idea is to collect a rock and paint or draw a picture on the top. It could be a picture of anything you like.</p>
